MOHAMMED ANASULLAH KHAN

Hyderabad, Telangana, India | +91 7981104575 | mohammedanaskhan97@gmail.com

SUMMARY

Fresher IT engineer (B.E. Information Technology, 2025) with hands-on exposure to AWS, Linux, networking, Python, Git, GitHub and Docker. Familiar with cloud infrastructure, DevOps practices, and troubleshooting. Quick learner with a methodical approach to problem solving, seeking an entry-level Cloud/DevOps role.

SKILLS

Cloud & Infrastructure: AWS (EC2, S3, IAM, VPC, RDS, Route 53, CloudFront, CloudFormation, CloudWatch, Application Load Balancer, Auto Scaling Group)
DevOps: Git, GitHub, Docker
Operating Systems & Networking: Linux, networking fundamentals
Programming & Scripting: Python fundamentals, HTML, CSS
Tools: Microsoft Word, Microsoft Excel

CERTIFICATIONS

- AWS Cloud Practitioner — in progress
- PTE Academic — Overall Score: 68

EXPERIENCE

Machine Learning with Python — Industry Internship Triad Techno Services

- Built and trained Python-based machine learning models as part of an industry-oriented project, applying core concepts of data preprocessing and model evaluation.

PROJECT

Highly Available Web Application on AWS

• Built a highly available web application using AWS VPC, EC2, Application Load Balancer, Auto Scaling Group, and NAT Gateway.
• Designed a VPC with public and private subnets across two Availability Zones to improve availability and keep application servers private.
• Configured an Application Load Balancer and Target Group to distribute HTTP traffic across healthy EC2 instances.
• Used Auto Scaling Group with a Launch Template to maintain EC2 instances and automatically replace unhealthy instances.
• Configured NAT Gateways for outbound internet access from private EC2 instances and separate Security Groups for controlled communication.

EDUCATION

B.E (Information Technology) — Lords Institute of Engineering and Technology Jun 2025

- Academic percentage: 74%

Intermediate (MPC) — S.S Junior College Mar 2021

- Academic percentage: 85%

Schooling --- Dilsukhnagar Public School

- Academic percentage: 83%

ADDITIONAL SKILLS

- Quick learner who can adapt to new tools and technologies
- Quick understanding of key responsibility areas of each job position
- Team player with strong problem-solving and communication skills
